MEMORANDUM

DATE: January 23, 1986

TO: Bruce Carlson

FROM: Bur Filson, Facilities Compliance Unit

SUBJECT: 1190400006 -- Madison County  
Granite City/Reilly Tar and Chem.  
ILD 006278360

EPA Region 5 Records Ctr.

The purpose of this memo is to request a referral of the subject facility for enforcement action for violations of the Illinois Environmental Protection Act and/or violations of the Rules and Regulations of the Illinois Pollution Control Board.

The apparent violations are set forth below:

- 725.242(b) - Failure to update the closure cost estimate for the year ending December 31, 1984.
- 725.243 - Failure to update financial assurance for closure of the facility for the year ending December 31, 1984.

The apparent violations listed above were cited in an April 23, 1985 CIL and an August 30, 1985 PECL. The Pre-Enforcement Conference was held on October 1, 1985 at which time a November 1, 1985 date was set for the submission of the financial assurance documents. The financial documents were received on October 9 and 31, 1985. The documents submitted, as a result of the October 1, 1985 Pre-Enforcement Conference, were inadequate and, therefore, were not accepted.

Based on the above information, I am requesting that you review this referral and the attached supporting documentation and forward it to the Enforcement Decision Group so that enforcement activities may proceed.
